

BECOME A SMILE TRAIN STUDENT AMBASSADOR!

Our Smile Train Student Ambassador program is an opportunity for high school students to make a real difference in other young people's lives.

Student Ambassadors spread compassion for children with clefts, raise awareness of Smile Train's sustainable model, and create smiles with classmates, neighbors, friends, and each other. Student Ambassadors are committed to furthering Smile Train's efforts to help children with clefts globally by hosting fundraising events and educational programs throughout the school year.

This is an excellent way for students to become more involved in their communities, build confidence, and jumpstart a life of civic engagement!
